Findings & discussions among universities and civil society representatives at national level

Please take a look at the following **guidelines** in order to have the most successful discussions in the national rooms!
The goal is to collect collaboration pathways between universities and civil society organizations at national level.

National breakout sessions will be organized as follows:

- presentation of the **country specific article** – please see above (10 min)
- presentation by an **ALF national representative** on civil society organizations activities/tools for promoting intercultural trends (10 min)
- presentation by a **university representative** on university activities/tools for promoting intercultural trends (10 min)
- **debate** among participants (30 min)

Each group will design a **rapporteur** to share the results of the national discussion during the plenary session (10 min).

One **UNIMED** and **ALF** representative will participate in each national room.

Working language will be a common language at national level (French for Algeria & Mauritania, English/French for Lebanon, English for Greece)
