I. Program Description

1. General Information

(1) Program Introduction

Academic Education Programs Sponsored by Ministry of Commerce People's Republic of China is designed to foster high-end business officials and managerial personnel for the recipient countries, offering one-year and two-year master programs as well as three-year doctoral programs for the purpose of educating high-end and inter-disciplinary talent working in the applied fields of government, trade, foreign affairs, agriculture, technology, education, culture and health, building intellectual capacity and facilitating the economic and social development of the recipient countries. These programs provide assistance to the in-service governmental officials, research fellows and senior managerial personnel on their master and doctor education in China, which are fully conducted in English. Because of the short educational system, bachelor degree is a basis and working experiences in corresponding field is preferred, which will help the students understand the learning content timely and adequately. Good health condition is also required which will promise the students to adapt the high strength study and gain the master degree finally.

These programs are playing an increasingly significant role in economic and trade cooperation between the receipt countries and
